Faxe GOLak Pleje

en

1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY/UNDERTAKING:

Product Name: Faxe GOLak Pleje

PR-no:

Product Category: Wood cleaning agent/Soap

Manufacturer/Importer:

FAXE A/S

Energivej 13

DK-6700 Esbjerg

Telephone no.: + 45 49 76 01 01

Fax no.: + 45 49 76 01 00

Responsible for the Safty Data Sheet

E-mail: info@faxelud.dk

Uses:

Cleaning and maintenance of coated surfaces

Emergency telephone number :

+ 45 49 76 01 01

Opening Hours Monday -

Thursday 8.00 - 16.00

Friday 8.00 - 14.00

2. HAZARDS IDENTIFICATION:

Main Toxicological and Ecological hazards:

This product is a local irritant. Irritating to eyes. Irritating to skin.

3. COMPOSITION/INFORMATION ON INGREDIENTS:

Hazardous compounds in accordance with EC Directives 1999/45/EEC; 2001/59/EEC (symbol and R-phrases are stated for the pure compound). Any volatile compounds are stated in item 8 in units of ppm.

Contains:

CAS number:	EINECS no.:	%:	Chemical Name:	Classification:	Note:
27176-87-0	248-289-4	2,5 - 10%	Dodecylbenzenesulphonic acid	Xn, C	R22, R34
64-02-8	200-573-9	< 2,5%	EDTA-Na	Xn	R20, R36
1336-21-6	215-647-6	< 1%	ammonia%	C, N	R34, R50

4. FIRST AID MEASURES:

General information:

If in doubt, seek medical advice. Also see para. 1 In case of accident: Seek medical advice. Show the label or this safety datasheet, if possible.

Inhalation:

In the event of feeling nausea, headache or dizziness, move into fresh air immediately. Seek medical attention if discomfort persists.

Contact with eyes:

If necessary, remove contact lenses. Bend the head backwards and immediately flush with water for 5-10 minutes. Hold eyelids wide apart. Seek medical attention.

Contact with skin:

Date of printing: 12-07-2011

6. ACCIDENTAL RELEASE MEASURES:

Personal precautions:

Avoid inhalation of vapours.

Methods for cleaning up:

recover with absorbent material. Clean preferably with cleansing agents. Avoid using solvents. See item 13 for disposal.

7. HANDLING AND STORAGE:

Handling:

Avoid contact with eyes and skin. Avoid inhaling spray mists. Smoking and the consumption of food and drink are not permitted in work rooms. Personal protective equipment: Refer to section 8.

Storage:

The product must be kept away from children. Store in a tightly closed container and in accordance with the current regulations in a dry, frost-free and well-ventilated place away from food stuff. Keep the material away from oxidizing agents and strong acidic and alkaline substances.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION:

Hand Protection:

Protective rubber gloves. Follow the glove manufacturer's recommendations on use and replacement.

Eye protection:

Use suitable protective goggles or full face mask for protection against splashes.

Body Protection:

If possible, wear special work clothes. When spraying wear coveralls.

General information:

Ensure sufficient ventilation. Washing and flushing facilities must be available.

Occupational Exposure Limits:

The specified exposure limit values are in accordance with the Danish National Working Environment Authority's list of recommended Exposure Limit Values.

9. PHYSICAL AND CHEMICAL PROPERTIES:

Form:	Liquid
Density Kg/L:	1,00
Weight % organic solvents:	-
Miscible with water:	Yes
pH-value (conc.):	8,6
VOC content (g/liter):	-

10. STABILITY AND REACTIVITY:

Stability:

Stable at normal temperature.

11. TOXICOLOGICAL INFORMATION:

Inhalation:

Inhalation of vapors may cause irritation.

Contact with skin:

Dries out the skin with consequent irritation.

Contact with eyes:

Splashes in the eyes may cause irritation.

Ingestion:

Harmful if swallowed.

12. ECOLOGICAL INFORMATION:

Ecotoxicity:

SAFETY DATA SHEET

Product Name: Faxo GOLak Pleje Data Sheet no.: 0253 Version no.: 6

Do not dispose of this product in drains, watercourses, or on the ground.

Accumulation:

EDTA-Na

COD, 265 mg/g

13. DISPOSAL CONSIDERATIONS:

General information:

Waste must be disposed of in accordance with local environmental control regulations. Provide good chemical hygiene.

Disposal considerations:

Residues of the product are not considered as chemical waste.

14. TRANSPORT INFORMATION:

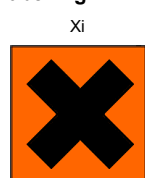

The product is not comprised by transport regulations of dangerous goods.

15. REGULATORY INFORMATION:

General information:

There have not been made chemical safety assessments of substances effectively.

Labelling:

R36

Irritating to eyes.

R38

Irritating to skin.

S(2)

Keep out of the reach of children.

S26

In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

S37

Wear suitable gloves.

S46

If swallowed, seek medical advice immediately and show this container or label.

Special labelling:

Contains: Less than 5% EDTA Less than 5% non-ionic surfactant

Uses and Restrictions:

Not to be handled by individuals under the age of 18 years, according to Danish Ministry of Employment's ministerial order No. 516 of 14th June 1996, concerning young people in employment.

Special Education:

No special training required.

16. OTHER INFORMATION:

R phrases:

R20

Harmful by inhalation.

R22

Harmful if swallowed.

R34

Causes burns.

R36

Irritating to eyes.

R50

Very toxic to aquatic organisms.

General information:

The information in this Material Safety Data Sheet is based upon our knowledge and on European Union and national legislation. The user's working conditions are outside our control. It is the responsibility of the users to fulfil the requirements set by National Legislation. The information is no guarantee of the properties of the product.

Final remarks:
